Protein 10%; Fat 3%; Fibre 12%; Carbohydrates 57%

### TO MAKE INVESTIGATION OF AUSTRIAN ACTIVITIES May Result in Additional Indictments For Passport Frauds Recently Discovered.

Washington, Nov. 18.—Further investigation of the activities of Austrian Consul General von Nuber and his associates will be made by the department of justice as a result of yesterday's conference in New York between A. Bruce Bielaski, chief of the bureau of investigations, and Dr. Joseph Gorickar, former Austrian consul. A department statement announcing this tonight also send that information had been obtained which probably would lead to additional indictments for passport frauds.

The statement says: "Mr. Bielaski, chief of the bureau of investigation of the department of justice, returned this morning after his visit to New York, during which he conferred with Mr. Rathom, editor of the Providence Journal, and Dr. Gorickar. While Dr. Gorickar may not be able to testify directly to all matters under investigation, much information of a valuable nature was obtained concerning the activities of Austrian Consul General von Nuber and his associates, the details of which can not be disclosed at present. Prompt investigation, however, will be made. Information also was obtained which probably will lead to further indictments for passport frauds."

Dr. Gorickar recently charged that the Austro-Hungarian consular service in this country, under direction of Consul General von Nuber and Count von Bernstoff, the German ambassador, carried on propaganda for for forementing strikes in munition plants.

Formal denial of all of these allegations was made to the state department several days ago by the Austro-Hungarian embassy, and this was followed today by a dispatch from Baron Burian, Austrian foreign minister, authorizing Baron Zwiedinick, charge of the embassy, to make "categorical and official denial of these investigations."

No intimation was given at the department of justice tonight as to the form its investigations will take or concerning the nature of any action

that may come when all information is in hand. Developments so far have been submitted to the state department, but the view there is said to be that alleged violations of law by consular officers are matters to be dealt with by the legal branch of the government, as these officers do not enjoy the immunity accorded diplomatic representatives of a foreign nation.

### FEASTER L. JONES FOUND NOT GUILTY Anderson Man Cleared of Murder Charge.

The State. Anderson, Nov. 19.—After deliberating about one hour the jury hearing the Feaster L. Jones murder case returned a verdict of not guilty at 3:30 o'clock this afternoon. Judge Moore warned the audience in advance against any demonstration and the verdict was received silently by a packed court room.

Counsel and friends of Jones seated near by extended congratulations and he then hurried to an Anderson bank where his aunt, the widow of Dr. L. O. McCalla, for whose murder Jones was tried, was awaiting him. He and his aunt left the city in Mrs. McCalla's automobile for the McCalla home at Starr.

(The unwritten law was the plea, Jones declaring that he killed Dr. McCalla because the latter invaded the sanctity of his home.

Jones is a nephew of Mrs. McCalla and is her foster son.

The case was attended with a great deal of interest throughout the county because of the prominence and wealth of Jones and McCalla.
